To all our new pet owners:

Congratulations on the addition of your new pet to your family. We plan to work with you to make sure your pet has a long and healthy life. An essential part of your pet's health are their vaccinations. These are NOT part of the health plan we offer and there is a charge for them. This charge will vary depending on the number of vaccines your pet needs. We follow the recommended vaccination schedule set forth by ALL vaccine manufacturers.

If your pet is found to be healthy today and their vaccines are due, we recommend you have the pet vaccinated while you are here. If you wish to have this service performed and agree to pay for this service, please sign on the line below authorizing us to vaccinate your pet. If you choose not to vaccinate your pet at our office or vaccinate your pet elsewhere, you will void your health warranty.

I agree to vaccinate.

I do not want vaccines at this time.
